

The Click Frame Version 2.0

Don't like your old screens stacked up in the corner of your shop, taking up valuable space and capital? Then the NEW Click Frame from Dynamic may be just what you've been waiting for. Keep a small inventory on hand, and never use the wrong mesh or wait on a screen for the next job. Stretch your own frame for a fraction of the price of expensive Roller Frames and without all the messy glue from other methods. The Click Frame allows you to stretch a print ready frame to tensions in excess of most static frames and all in less than 60 seconds. With mesh on hand, you can take your frame from an 83 to a 305 in a matter of minutes without any need for messy glue or expensive stretching tables.

HIGH QUALITY

HIGH TENSION

MONEY SAVER

The Frame

Our high quality extruded aluminum frames are welded and pressure tested to ensure that they start square and stay square.

20x24 Click Frame

Click Frame (Each) - \$22.50 ea.

Made in U.S.A.

The Click Tool

The tool is marked on each side for ease of use and features a rounded handle that allows you to exert the needed force to stretch quality frames every time.

20x24 Tool - \$35.00
 23x31 Tool - \$35.00

The Mesh Panel

Our premium mesh panels are made in the U.S.A. with premium Italian mesh and are marked individually so that you will always know your mesh count. Each panel is permanently woven to four high strength locking strips so that you'll never have to wonder if you've got them in the right spot.

Size (Each)	83 Mesh	110 Mesh	125 Mesh	140 Mesh	160 Mesh	180 Mesh	196 Mesh	230 Mesh	280 Mesh	305 Mesh
